La Guácima, Alajuela, Costa Rica • +506 8948-6777 • lmalagola04@gmail.com • [LinkedIn Profile](#) • [GitHub Portfolio](#)

SUMMARY

Detail-oriented professional with direct, hands-on experience supporting real estate operations within the Amherst - Main Street Renewal reviewing transaction-related documentation (work orders, purchase orders, and contract revisions) for completeness and accuracy across multiple U.S. markets. Skilled in Microsoft Excel, Outlook, Word, and SharePoint, with a track record of maintaining accurate records, coordinating with cross-functional business partners, and meeting recurring reporting deadlines in a fast-paced, deadline-driven environment. Strong organizational skills, proactive follow-through with minimal supervision, and English proficiency (C2) for clear communication with U.S.-based stakeholders. Electronics Engineering graduate with a recently completed credential degree in Artificial Intelligence and Business Data Analytics.

RELEVANT SKILLS

- **Transaction & Document Support:** work order, purchase order, and contract-revision tracking; document review for completeness and accuracy; recurring data quality checks and reconciliation; transaction record-keeping and process documentation
- **Microsoft Office Suite (Advanced):** Outlook, Excel (PivotTables, Power Query, VBA macros, XLOOKUP/INDEX-MATCH, data validation), Word, Teams; comfortable across Office Open XML files (xlsx, .docx, .pptx)
- **Collaboration & Systems:** SharePoint (multi-source data consolidation); quick to learn new transaction management platforms; cross-functional coordination with business stakeholders across multiple U.S. markets
- **Data & Reporting (supporting):** Salesforce, Power BI (data modeling, DAX), SQL, Python, Tableau — used to build reporting and dashboard deliverables
- **Communication:** Spanish (Native), English (C2 Proficient — IB Bilingual Diploma), Italian (B2 Intermediate); experience presenting reports and documentation clearly to non-technical, U.S.-based stakeholders

EXPERIENCE

Amherst – Main Street Renewal

Jun 2025 – Mar 2026

Data Reporting Specialist Intern – Construction Team

Heredia, Costa Rica

- Reviewed and validated recurring work order, purchase order, and contract-revision records for completeness and accuracy prior to distribution, strengthening documentation reliability across multiple U.S. markets.
- Coordinated with Supply Chain and Construction/Field Services business partners to gather requirements and maintain accurate, well-documented tracking records, keeping transaction-related data current and audit-ready.
- Automated recurring documentation and reporting workflows using Excel, Power Query, and VBA, reducing manual processing time on work order, purchase order, and contract-revision tracking.
- Consolidated data from SharePoint and multiple operational sources into centralized reporting models, improving accuracy and visibility for cross-functional teams managing time-sensitive deliverables.

Swissol

Dec 2024 – Mar 2025

Photovoltaic Systems Engineering Intern

Alajuela, Costa Rica

- Maintained structured records and technical documentation for equipment and materials tracking, ensuring accuracy and compliance with company standards.
- Built Excel-based reports combining data import, cleaning, and validation to support timely, accurate operational decision-making.
